## THE FOURTH IN HISTORY.

Many Famous Events That Have Happened on Independence Date.

The Fourth of July is peculiarly an American holiday, but in searching history we find some important events that have occurred on this day. The majority are of more than passing interest to citizens of the United States, but a few affected the world. History includes the following:

July 4, 1187—Sultan Saladin, the hero of Moslem romances, defeated the crusaders at Tiberias, Holy Land. This led to the capture of Jerusalem and the third crusade.

July 4, 1591—The laws of oppression under which the Huguenots were persecuted revoked by an edict of Henry IV. of France.

July 4, 1594—Nova Zembla was discovered.

July 4, 1648—Indian massacre. The Huron village of St. Joseph was wiped out by the Mohawks. Father Daniel baptized all who desired before he was killed.

July 4, 1653—The meeting of Cromwell's parliament, when Cromwell was crowned "lord protector of England."

July 4, 1776—Declaration of Independence. Birth of United States as a nation.

July 4, 1778—Colonel Clarke, American army officer, surprised and captured Kaskaskia and Fort George, Ill.

July 4, 1793—John Quincy Adams' wonderful speech, which marked the commencement of his public life.

July 4, 1804—Nathaniel Hawthorne was born.

July 4, 1817—Erie canal commenced.

July 4, 1826—Semiquincentenary of Independence day. Thomas Jefferson and John Adams, ex-presidents and signers of the Declaration of Independence, died. Stephen Foster, author of "The Swannee River," was born.

July 4, 1828—Charles Carroll, only surviving signer of the Declaration of Independence, laid cornerstone of the Baltimore and Ohio, the first railway in the United States.

July 4, 1831—Death of James Monroe, third president to die on this date.

July 4, 1846—Americans at Sonoma, Cal., led by Fremont, raised flag of revolution and declared for America being the first coast town to desert Mexico.

July 4, 1848—Cornerstone of the Washington monument was laid.

July 4, 1850—President Taylor stricken with fatal illness while sitting near Washington monument. Died July 9.

July 4, 1863—Pemberton surrendered Vicksburg to Grant, and General Holmes was defeated at Helena, Ark.

July 4, 1869—Ten million dollar fire at Portland Me., caused by firecrackers.

July 4, 1870—Election of Prince Hohenzollern to the throne by the provisional government; led to Franco-Prussian war.

July 4, 1874—Eads bridge, costing \$6,000,000, completed at St. Louis.

July 4, 1890—Statue of Liberty formally presented to the United States by France.

July 4, 1894—Hawaiian republic declared after bloodless revolution.

July 4, 1898—News received of Spain's defeat off Santiago July 3.

## THE UNSATISFIED.

Those who are quite satisfied sit still and do nothing; those who are not quite satisfied are the sole benefactors of the world.—Landor.

## Icebergs.

The disposition of icebergs to turn turtle is one of their most dangerous propensities. It arises from several causes. When they start out from Greenland their bottoms are heavy with the detritus gathered in their glacial period, and this drops off at intervals as they move south, causing their center of gravity to change and the berg to assume new positions.

Impure blood runs you down—makes you an easy victim for organic diseases. Burdock Blood Bitters purifies the blood—cures the cause—builds you up.

## Which Boss Did He Want?

"Is the boss in?" was asked at a big business office in this town. It happened to be the proprietor who came to the front. "Which boss are you referring to," he asked mildly, "the office boy or the stenographer?"—New York Telegram.

I had specks floating before my eyes and I felt all tired out and miserable. I saw Foley Kidney Pills advertised and got a bottle and took them according to directions and results showed almost at once. The pain and dizzy headaches left me, my eye-sight became clear and today I can say I am a well woman, thanks to Foley Kidney Pills." B. H. Gorrell.
